

“It’s on the Syllabus!!”

## Syllabus Scavenger Hunt

The answers to most of the following questions can be found in your course syllabus. Work with your group to find the answers!

1. Who is your instructor for this class?
2. Where can you find your instructor on campus? When are your instructor’s office hours?
3. Where can you find Class Announcements, HW assignments, Exam dates, online quizzes, Worksheets, Lab Data, Lecture notes and your grades for this course?
4. Are calculators required for this course? Which calculator models are acceptable?
5. What is the quiz/exam make-up policy for this class?
6. Will late homework be accepted? What is the latest you can turn in an assignment? How many late homework extensions do you have for the semester?
7. Where can you find the In-Class Assignments (class worksheets)? When are the In-Class Assignments due?

8. Where can you find help on campus? List at least 3 places. What are some reasons why you might go?
  
9. What happens if I'm absent more than 4 times?
  
10. What happens if I'm using my cell phone during class?
  
11. List all grading criteria.
  
12. What is the textbook? Do you need to bring it to class?
  
13. What is MyStatLab/WebAssign? Do you need to purchase access?
  
14. How much time do you need to commit per week to this class?
  
15. List two interesting class rules. Discuss them in your group.
